Public Workshop Notice: Avoided Cost Workshop – Implementation of E3 Methodology

<p>April 18, 2005 10 am – 5 pm</p>	<p>Hiram Johnson State Building 455 Golden Gate Avenue, Benicia Room San Francisco</p>
--	--

Parties in the Avoided Cost rulemaking (R04-04-025) will meet to discuss implementation steps associated with utility application of the E3 avoided cost methodology approved in D05-04-024. Utilities are preparing to file their proposed Energy Efficiency (EE) program budgets for the 2006-2008 program cycle on June 1, 2005. These EE filings will contain Standard Practice Manual (SPM) cost-effectiveness calculations (tests) using avoided cost values from the E3 avoided cost methodology. E3 has constructed a new and separate Customer Energy Efficiency (CEE) calculator that takes output from the E3 avoided cost models and calculates two cost-effectiveness tests set forth in the Standard Practice Manual (SPM): the Total Resource Cost (TRC) test and Program Administrator Cost (PAC) test. Parties should take time to preview the CEE Calculator at www.ethree.com/cpuc_avoidedcosts.html.

The workshop will also address: (1) the instances in which it is appropriate to use hourly data or time-of-use data to evaluate certain EE measures; (2) the role of the Database for Energy Efficient Resources (DEER) data base; and (3) the Energy Efficiency Programs Reporting Requirements Manual. However, the focus of the workshop will be primarily on issues necessary for the utilities to meet their upcoming June 1, 2005 filing deadlines.

A detailed agenda will be circulated to the service list in advance of the workshop.

Contact: Wade McCartney at (916) 324-9010 or wsm@cpuc.ca.gov with any questions.

Summary: On April 5, 2005, Jennifer Dowdell, Manager, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with David Gamson, advisor to Cmmr. Brown, and Theresa Cho, advisor to Cmmr. Grueneich, in two separate meetings in San Francisco. Also present was Walt Campbell, Senior Director of Business and Financial Planning, PG&E. A document (attached to the notice) "PG&E's Petition for Modification of D04-10-037" was used. Campbell indicated that while both the Cmmr. Peevey's proposed decision (PD) and the alternate draft decision of ALJ Kenney corrected deficiencies in the original order that would prevent the Company's sale of rated securities, only the PD provided PG&E the flexibility to refinance its debt in a timely fashion, thereby minimizing costs to customers.

4/8/05 A04-07-049 San Diego Gas & Electric Company, for authority pursuant to Public Utilities Code Section 851 to sell certain property in its Transmission Corridor in the City of San Juan Capistrano in the County of Orange to Whispering Hills, LLC, to realign transmission and distribution lines overhead on a temporary basis and underground on a permanent basis and to enter into easements with Whispering Hills, LLC.

Summary: On April 6, 2005, Martin A. Mattes of Nossaman, Guthner, Knox & Elliott, LLP, counsel to Whispering Hills, LLC (Whispering Hills), left a voice mail message for Brian Prusnek, advisor to Cmmr. Kennedy and, on the same day, engaged in a telephone conversation with Karl Bemederfer, advisor to Cmmr. Kennedy. Both communications concerned the draft decision (DD) of ALJ Allen. Mattes stated that it was important to Whispering Hills that the Commission issue a decision without unnecessary delay but also stated that Whispering Hills understood and supported San Diego Gas & Electric Company's (SDG&E) position that the DD could set an unfortunate precedent by requiring renegotiation of an agreed upon sales price without substantial evidence that such price was inadequate. Mattes stated that Whispering Hills did not seek to prevent consideration of an alternate that would more fully address SDG&E's concerns about the DD.
